

THURSDAY May 11

9.00 am Walk the picturesque Renmark riverfront, acclaimed as the most magnificent along the length of the River Murray (yes, we are a bit biased). You will be accompanied by local historian, Heather Everingham, who will share her amazing knowledge of Renmark's past.

11.00 am Take a 1.5 hour cruise on the Paddle Steamer Industry. Cost of \$20.00 includes tea or coffee and scones hot from the boat's galley. On your return we recommend you cross the road for lunch at the Renmark Hotel's Nanya Bistro.

"Women of the River" Country Exhibition has been developed by members of the Mannum Dock Museum and is presented at Renmark's National Trust Museum "Olivewood" as their contribution to SA History Month

The "Women of the River" Country Exhibition has been produced as a national exhibition to highlight stories of remarkable river women who have played vital roles in shaping our mighty river country.

The exhibition showcases the stories of 19 unique women from the mid 1800's to present day. From early pioneers to an internationally acclaimed sporting icon, to a world class musician, all of whom have been connected with our magnificent river-scape.

Or dig into your Welcome Pack to discover the myriad attractions the Riverland has to offer.
