<b>POSITIVE PSYCHOLOGY short course</b> 	<p>Learning about positive psychology, and then applying it can actually help you to improve your life. <b>Priscilla Jordan</b> worked as an OT in mental health before retiring. She felt the need to keep on using her brain in a project, and wanted to try to offer something to older people- something that was potentially useful to those who are interested in improving their life. Although Priscilla is based in Adelaide, she has run short courses (of 5 weeks) via <b>Zoom</b> - a one hour weekly Zoom session at a time that suited the participants. She has already completed one course for some of our Riverland members who were able to easily navigate the use of Zoom and has another running early in 2021. If this course resonates with you contact her via email <a href="mailto:priscillagj2020@gmail.com">priscillagj2020@gmail.com</a> for more information</p>
