U3A South Australia ONLINE COURSES	<p>U3A South Australia is the state-wide body that oversees U3As in our state. Over the last couple of years a group within that body has been setting up an online system to provide a range of interesting courses for our members. Many of these are one-off sessions that run for an hour. Below are links to the online site as well as a link to a you tube video clip that talks you through how to use the site. We encourage you to have a look.</p> <ul style="list-style-type: none"> How to 'access the site, navigate the site, find courses and enrol' you tube video clip https://youtu.be/lHuYqLtE5SU Direct link to the Statewide page where courses, enrolment and tutor profiles can be accessed. https://u3asouthaustralia.org.au/courses-2/ Check out the new online activity – Chat GPT (Unfortunately the first session has already been held. Next session is on April 26).  <p>Understanding Chat GPT is a hands-on look at and discussion of this very topical subject. It shows Chat GPT, the first publicly available AI (artificial intelligence) that is amazing users. No computing skills are required to participate. The latest and most powerful version will be on show, and a chance to try your own questions on it.</p> <p>Click here to see this and other courses available. https://u3asouthaustralia.org.au/courses-2</p>
